

FOR IMMEDIATE RELEASE

First Companies Completes Construction of New Vista and Bengtson Center

The 42,000 square foot, multi-tenant structure completes a third phase of construction along the East Paris Medical Corridor

January 28, 2019 – Grand Rapids, Mich.

First Companies announced today the company has completed construction on New Vista, its third class-A, multi-tenant medical/professional building located at 2155 East Paris Avenue, with Bengtson Center for Aesthetics and Plastic Surgery as the anchor tenant. Joining Bengtson Center will be Pediatric Dental Specialists of West Michigan and QTbreasthealth, with the remaining space currently under contract.

“Everything has been top-tier from the quality of construction, the timeliness, and management of building costs,” noted Dr. Bradley Bengtson. “We have created our dream location with double the space we had previously, state-of-the-art operating suites, and expanded non-surgical services in Symmetry Med Spa and Laser, a division of Bengtson Center.”

“With the completion of New Vista, First Companies is excited to wrap up another beautiful, class-A facility on East Paris for a growing number of medical professionals looking to move to this area,” commented Matt Sink, chief operating officer, First Companies. “It’s an honor to have Bengtson Center as a partner and anchor tenant on this project, and we look forward to celebrating the grand opening of their new office in February.”

Bengtson Center for Aesthetics and Plastic Surgery will be a Center of Excellence for multiple companies and will offer national and international webinar training through the use of live, interactive surgery being broadcast from their surgical center. The practice will host a public open house on February 13th from 4-7 pm. The building architect was AMDG Architects working alongside interior designer, Kathryn Chaplow.
